

NCPC Annual Conference

LUMINA RESORT
WRIGHTSVILLE BEACH, NC

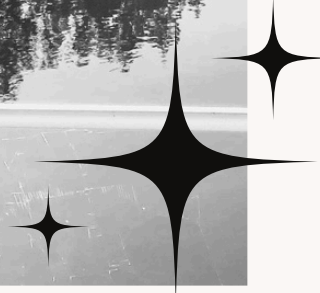

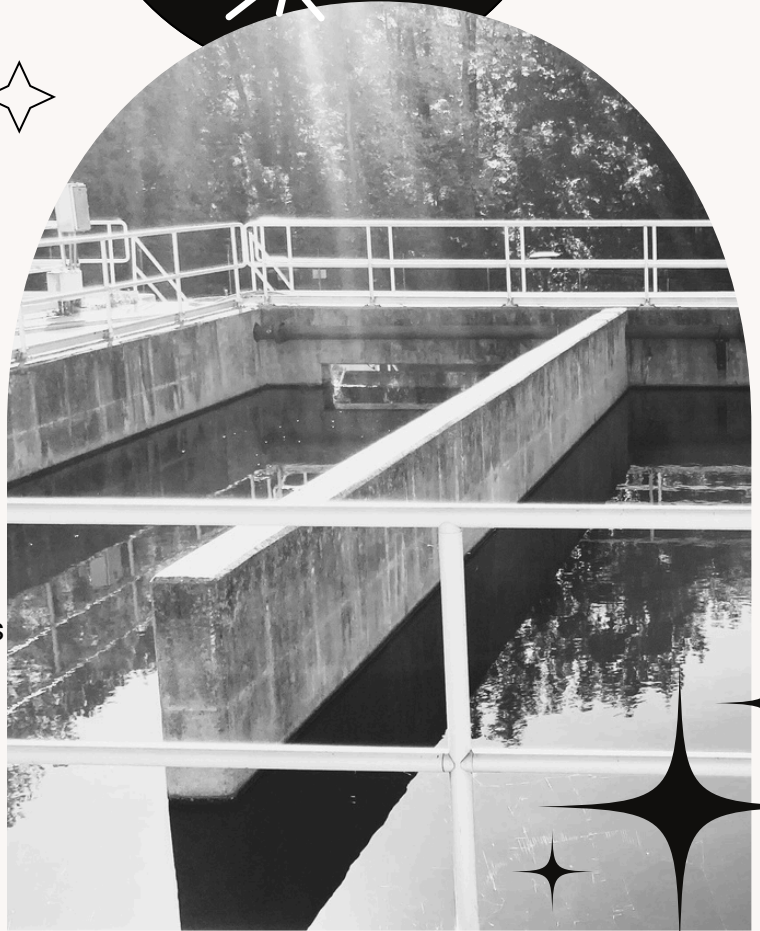

Join us in the World of Pretreatment

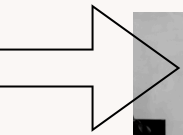

Each September, the North Carolina Pretreatment Consortium hosts a conference to bring together Wastewater and Pretreatment professionals to network and get the latest updates.

This year's vendor reception theme will be "It's All in Black & White". Our hope is that attendees will leave with a clearer picture of the new world of pretreatment that is quickly approaching and everchanging.

Resources Just For You

Whether you are an industry rep, pretreatment professional or vendor we offer opportunities to discuss issues that are impacting your industry, speakers discussing the latest topics in pretreatment and resources to help your program be successful! Check out the new events and presentation topics below.
